

An Important Announcement for all Students and Parents

From the Pennsylvania State System of Higher Education

and

Cheyney University of Pennsylvania

You may be aware that—due to the impact of the current economic downturn on the Commonwealth—Pennsylvania’s higher education institutions are facing potential state funding reductions at a level never experienced before. The leadership of the Pennsylvania State System of Higher Education (PASSHE) and Cheyney University are working with the General Assembly to ensure you will receive a high quality education at an affordable cost that will prepare you for success in your future endeavors.

These unprecedented times create challenges in sharing with you the most accurate information about academic year 2011/12 expenses, available financial aid, and your estimated out-of-pocket costs. Your financial aid package has been created based upon estimated costs for the upcoming academic year. However, the costs for academic year 2011/12 will not be finalized until the Board of Governors of the State System sets tuition at the end of June and after the Commonwealth budget is finalized. The final costs may vary from these estimates, depending upon the final state funding level that is provided by the Commonwealth for PASSHE and this University.
