Our Students Go Places!

“Overall KSI is a wonderful stepping stool to get you *from a job to a career*. Before KSI, I was stocking shelves in a supermarket, and now after KSI, although I still work for the same company, I got promoted to the corporate office to be a member of the IT team. During my interview, the hiring manager said to me, “I’m glad to see your certs; it gives me confidence that you know what you say you know.”
